

STAFF OPERATIONS MANUAL

1. Staff Responsibilities

Front Desk Team

- Process guest check-ins and check-outs using the property management system (PMS).
- Answer phone calls, emails, and in-person inquiries within three rings or two minutes.
- Handle booking modifications, upgrades, and special requests.
- Maintain accurate guest records and update preferences in the CRM.
- Coordinate with housekeeping and maintenance for room readiness.

Housekeeping Team

- Clean and prepare guest rooms according to the standard operating checklist.
- Report maintenance issues, damages, or lost items via the internal ticketing system.
- Restock minibars, toiletries, and linens based on occupancy levels.
- Conduct deep cleaning of public areas, elevators, and corridors on a rotating schedule.

Reception and Concierge

- Greet all arriving guests and assist with luggage and directions.
- Manage key handovers, safe deposit boxes, and valet services.
- Provide local recommendations and arrange transportation or tours.

2. Booking Workflow Rules

- All bookings must be entered into the PMS immediately upon confirmation.
- Each booking receives a unique `booking_id` generated automatically by the system.
- Front desk staff must verify guest identity and payment method before confirming a reservation.
- Group bookings (five rooms or more) require pre-authorization from the Reservations Manager.
- Staff must not manually override room rates without supervisor approval.

3. Guest Check-In Procedure

- Verify the guest's `booking_id` and government-issued photo ID.
- Collect or confirm payment method and process pre-authorization for incidentals.

Issue room keys and provide a welcome packet with Wi-Fi details, breakfast hours, and emergency contacts.

Record check-in time in the PMS. Standard check-in time is 15:00.

For early check-in requests, refer to the Booking and Reservation Policy.

4. Guest Check-Out Procedure

Verify guest identity and room number.

Review and settle all charges, including minibar, laundry, and restaurant bills.

Process refund if applicable, following the Payment and Refund Policy.

Record check-out time in the PMS. Standard check-out time is 11:00.

Offer luggage storage and transportation assistance for departing guests.

5. Room Assignment Rules

Assign rooms based on booking category, guest preferences, and availability.

VIP and loyalty program members receive priority for upgrades when available.

Do not assign rooms marked as out of order or under maintenance.

Adjacent or connecting rooms may be reserved for families upon request, subject to availability.

Room changes after assignment require supervisor approval and must be documented in the PMS.

6. Complaint Handling Procedure

Listen actively and acknowledge the guest's concern without interruption.

Apologize sincerely and assure the guest that the issue will be addressed.

Document the complaint in the guest profile with date, time, and details.

Attempt immediate resolution within staff authority limits.

If resolution requires compensation or a refund, escalate to the Duty Manager.

Follow up with the guest within 24 hours to confirm satisfaction.

7. Emergency Escalation Steps

Medical Emergency: Call local emergency services immediately, then notify the Duty Manager and Front Office Manager.

Fire or Evacuation: Activate the fire alarm, assist guests to designated assembly points, and contact emergency services.

Security Threat: Contact hotel security and local police. Do not confront the individual.

Power or Water Failure: Notify Engineering and the General Manager. Provide guests with updates and alternative arrangements.

All emergencies must be documented in the incident report log within one hour of resolution.

Note: All staff must complete annual emergency response training. Emergency contact numbers are posted at every workstation.
